

Part Number: D5537002700400

Part Description: Vertical Stabilizer  
Leading Edge Panel

## Specifications

|                              |                              |
|------------------------------|------------------------------|
| Product Families:            | Flight Controls and Surfaces |
| Product Group:               | Vertical Stabilizers         |
| Part Number                  | D5537002700400               |
| Root Part Number             | D553700270XXXX               |
| ATA Chapter 2 Digit          | 55                           |
| ATA Chapter 4 Digit          | 55-32                        |
| ATA Chapter 6 Digit          | 55-32-11                     |
| MFR / Manufacture -CAGE Code | Airbus                       |
| Application                  | A320                         |

## Repair

|                      |                                        |
|----------------------|----------------------------------------|
| Part Number          | D5537002700400                         |
| Description          | Vertical Stabilizer Leading Edge Panel |
| Repair Manual- CMM   | SRM                                    |
| Bench Check & Advise | Yes                                    |
| Repair               | Yes                                    |
| Repair Facility      | Miami Lakes                            |

## Logistics

|             |                                        |
|-------------|----------------------------------------|
| Part Number | D5537002700400                         |
| Description | Vertical Stabilizer Leading Edge Panel |

From sophisticated composite repairs for nacelles and stabilizers to intricate nose-to-tail flight control overhaul, 630 Aerospace offers a full range of services and payment approaches that accommodates each customer's mission requirements, business needs, and financial goals.
